TIPS & INSTRUCTIONS

1. The colours on the chart are used for clarity only – choose your own favourite combination of toning or contrasting colours.
2. Use 6 strands of 6-ply cotton throughout, on 18ct canvas.
3. Alternatively, use 2 strands of 6-ply cotton on 28ct evenweave fabric (take care not to pull stitches too tightly to avoid distorting fabric). You may wish to omit the lighter yellow stitches on chart if stitching on evenweave.
4. Stitch designs working outwards from the centre to avoid mis-counting on the border!
5. Finished designs are ideal size for mounting as gift tags or greeting cards.
